Garden Success

20th Century

ONE OF THE NEWEST EVERBEARING STRAWBERRIES

18 Berries Known to Fill a Pint Box

We like 20TH CENTURY Everbearing Strawberries best of all, because it grows and bears so abundantly in any type of soil, and does well in most all localities. The fruit is fully as good quality as the Gem and Brilliant. Brilliant red in color all the way through the berry. Firm texture, which makes it ideal for canning or freezing. One of the sweetest of all Strawberries so that less sugar is required. Plants grow strong, with dark green

leaves and make just the right width fruiting row. You can start picking berries within 60 days after you set the plants in the spring, and continue right up to heavy frosts in late fall. The following June you get another full crop, and then again all summer and fall. The first blooms that appear after they are set should be nipped off. After that let them bear.

- Bears fruit in 60 days.
- 3 big crops in 18 months.
- Excellent fresh or frozen.
- Bears till heavy frosts in fall.
- No special soil or care needed.
- A flavor you'll never forget.
- Bright red color—to center.
- Hardy and hale as an Oak tree.

BEARS 60 DAYS AFTER PLANTING

Gem is one of the older varieties of Everbearing Strawberries, and the Gem that we offer have been improved a lot, by plant selecting, so that now our plants produce an enormous amount of fruit 60 days after they are set, right up to a killing frost in the late fall.

FRUIT IS LARGE AND BRIGHT RED. Red clear through, and when grown in the hill system (keep runners pinched off) they will produce much more and better fruit. Set plants 1 foot apart in the row in the HILL SYSTEM, and each plant will touch each other by fall, and have a dozen fruit stems on at one time. Gem is a fine commercial berry as well as for home use. Excellent for freezing as it stays whole after thawed. Grows well on heavy soils as well as light.

PLANT GEM FOR A BORDER. Use Gem as a border plant in front of Roses or other flower beds.

LOST LABEL STRAWBERRY PLANTS

These are plants that are freshly dug and No. 1 in every way, except that we have lost their identity. They might be any one of the varieties we list, so if you can use some of these, we offer them to you at these low prices.

Robinson

New ROBINSON

Largest June-Bearing
Strawberry Known

HIGHEST QUALITY. These big round blunt-pointed berries are of top quality. They are borne on large thick fruit stems, that are protected with heavy foliage that makes up a wide fruiting and picking row.

The tangy, rich, sweet flavor is found in no other Strawberry. ROBINSON is the largest berry we have to offer. It's late—starting to ripen about the time Premier is finishing up. By planting Premier for early and Robinson for late, you will have fresh fruit from start to finish, over a 30-day period. Berries have a firm skin, and are solid all the way through, making it a good shipper as well as a good home use variety. You will like Robinson.

PREMIER

The Most Famous Berry Ever Introduced

✓ Premier Strawberries sold as high as \$11.50 per 16-qt. crate on Benton Harbor, Mich., Wholesale Fruit Market.

If you plant STROMER'S PREMIER you will get the first berries on the market. They will be bearing heavily before other varieties begin. Your biggest picking will be when berries are in good demand and are bringing top prices. Premier will grow anywhere. The plants are sturdy and long rooted, a good drought-resister. The berries are very large, and hold their size to the last picking. The flavor cannot be beaten.

Premier is as near frost-proof as any Strawberry can be. Premier sets the standard in Strawberries like Latham and Cumberland do in Raspberries. You cannot go wrong.

Premier

Catskill

This variety was introduced several years ago by the New York Experimental Station. Catskill and Robinson are two of the finest late Strawberries. They follow Premier and Dunlap. Berries are extra large and smooth. The last on's that you pick from the thick, stiff fruit stems that stand upright with a full load, will be nearly as large as the first ones, and just as smooth. We do not have a more beautiful berry to offer. Mild and nearly non-acid. Folks who are bothered with Strawberry rash tell us they can eat Catskill. Catskill will do fine on any type soil, but does the very best on a heavy clay loam, and fine on a stiff clay soil.

SENATOR DUNLAP

June Bearing Variety—Over 50 Years Old But Still Good

Senator Dunlap is an old well known variety that has made more dollars for berry growers than any other variety. It will grow most anywhere and on any kind of soil. However, it will do best on heavy, rich soil. If planted on light soil, be sure to set them 2 feet apart. On heavy soils set them 18 inches apart. Berries are dark red, firm and sweet. Wonderful for canning and freezing as well as fresh.

GIANT MASTODON Everbearing

- MASTODON—Bears Until Heavy Frosts
- MASTODON—Grows Without Special Care
- MASTODON—The Oldest Everbearing Variety
- MASTODON—Bears 60 Days After Set

Mastodon has been with us for about 20 years, and in all these 20 years we have never known them to fail on a full crop, 5 or 6 months long, the same year they are set out. The size of the berry is like 20th Century—very large. It is of good quality, red all the way through, and fine flavor. Mastodon does not require any special soil, care or petting. They grow most anywhere, or on any soil that will grow garden Potatoes. It will take a hard freeze to stop Mastodon from bearing.

STREAMLINER

**THE NEW EVERBEARER
ENORMOUS SIZE BUT NEVER HOLLOW
BRINGS SENSATIONAL RESULTS**

**250 Everbearing Strawberry Plants Will Supply Fruit for
Family of Five All Summer and Fall First Year Set.
Requires Space 25x10 ft. 1 Foot Apart.**

**EAT DELICIOUS BERRIES 60 DAYS AFTER
YOU SET OUR PLANTS**

**Berries Sell for 45c a Pint in Stores and Roadside Markets,
All Summer and Fall.**

It's almost round, with a small hull, and of enormous size. Even larger than the famous Mastodon. The STREAMLINER will ripen up even, to the prettiest bright scarlet color, which will attract customers' attention every time. Sweet and with very little acid.

BEARS 60 DAYS AFTER SET

Set STREAMLINER plants during March, April or May, and you will be picking those big, sweet, juicy beauties 60 days later. Think of it—no waiting a whole year for berries. When late killing frosts come in October or November the plants will still be loaded with green and ripe berries, and even blossoms. It will take a good hard frost to stop them. Another full crop the following June.

STRONG, HARDY GROWER

STREAMLINER is a thrifty, strong and hardy grower. Does well on most any soil, and seems to do well in both wet and dry seasons.

Hardy Dependable GRAPE VINES

CONCORD Blue

Concord is beyond a doubt the most popular blue Grape. More Concord are planted than all other varieties. It is the commercial table and wine variety. Concord is perfectly hardy, having stood 30 degrees below zero without injury. Does well on any soil, but makes the sweetest fruit on light sand that has been well fertilized. Bunches are large, compact and well shaped. Sweet and juicy. Vines grow fast, and bear young.

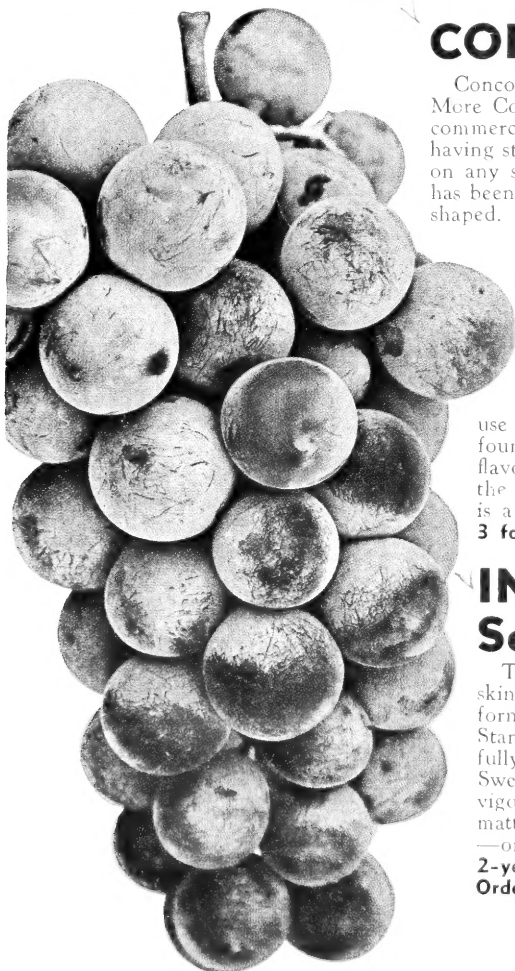

**2-year-old, No. 1 vines, each 40c; 3 for \$1.00;
6 for \$1.85; 12 for \$3.00.**

CACO Red

This is the new quick-growing, young-bearing, delicious, sweet, red Grape that is so popular. It has no equal as a home-use table Grape. It has a peculiar characteristic found in no other Grape, in that it is rich in flavor. Its deep, wine-red color is so pleasing to the eye. A vine full of these rich red beauties is a sight. **2-year-old, No. 1 vines, each 40c; 3 for \$1.00; 6 for \$1.85; 12 for \$3.00.**

INTERLAKEN Seedless Grape

This is just about the last word on a seedless, skinless table Grape. The nearest to the California seedless Grape, and still hardy as an Oak. Stands 20 below zero. Yellow in color when fully ripe. Skinless and absolutely seedless. Sweet and juicy. Ripens in late August. Vines vigorous, and bear heavy crops annually. No matter how many Grape vines you now have—one of these is a "must." Supply still limited. **2-year-old vines, \$2.50 each. NO DISCOUNT. Order early.**

The greatest Blackberry discovery in 30 years. It's been thoroughly tested for 3 years before being offered to our customers. As you probably know, most Blackberry varieties offered are sterile, and will only bloom, and not bear. EBONY KING will bear large, juicy fruit over a three weeks' period. It's very hardy, and a thrifty grower. Bears annually and early in the season before hot weather sets in. Self-pollenizing. Has a sweet nectar flavor that no other variety has or ever did have. Supply of this variety is still limited.

THORNLESS! BOYSENBERRY

All of the Good Qualities of the Regular
Boysenberry BUT NO THORNS

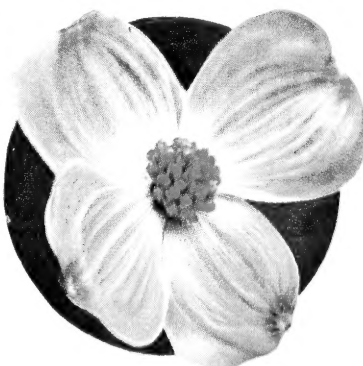

This is the early ripening strain of Thornless Boysenberry with canes as smooth as a Grape vine. Ripens ten days to two weeks earlier than Boysenberry. The introducer claims even heavier yields from this Thornless Boysenberry than the common Boysenberry. This new strain Thornless Boysenberry is identical to the Boysenberry except that there are no thorns and it ripens earlier. This is a very good feature as the early berries bring more money. The Thornless is just as hardy, rugged and heavy bearing as its parent, the Boysenberry. Vines grow 25 feet long, and this pretty apple-green vine loaded with giant purple beauties is a sight you will never forget, and after you taste a handful of them, other berries will go begging for a while. Delicious with cream and sugar, and when made into jam, it's the last word.

Boysenberry

RED DOGWOOD

(Cornus Florida Rubra)

Lovely red-flowered Dogwood, that blooms so early in the spring, on gracefully shaped trees. Will grow in shade, in dry or wet soil. Price: 2-3 ft. trees, each \$3.50.

SODUS PURPLE RASPBERRY

This variety of Purple Raspberry is by far the largest and best of them all so far. Purple Raspberries are a cross between the reds and the blacks. The parents, DUNDEE and NEWBURGH, have long been discarded, but the offspring from these two varieties is a winner. The fruit is very large, firm, fine flavor (you can detect both flavors in SODUS), beautiful purple color, and ships well. As fresh fruit it's simply delicious. Freezes well, and makes the most beautiful jelly.

GOLDEN QUEEN RASPBERRY

A beautiful, large, golden yellow Raspberry. Many prefer this fine variety to any of the reds or blacks, owing to its sugary sweetness and unsurpassed flavor. The canes are hardy, vigorous growers, and heavy croppers. Grows like a Red Raspberry and should be handled like one. Ripens with Latham. Our 1-yr. plants will bear some fruit this summer.

PLUMS

STANLEY PRUNE PLUM

Improved Italian Plum

Large blue Prune type Plum. Sweetest of all Plums. Flesh is yellow as butter, and the pit falls out when broken open. Starts to bear young and regularly each year. Needs no other variety to pollinize. Ripens early September. Wonderful shipper and keeper. Eat them fresh, can them, or freeze them, and you will have the best. Supply of Stanley Prune trees limited this year. Order early. **Prices below.**

SUPERIOR

Wine-red color, yellow flesh. Juicy and sweet. One of the hardiest, and could be classed as a dwarf. Tree bears second year, and annually. Ripens middle of August. Best red Plum. **Prices below.**

GREEN GAGE

Large greenish yellow in color, and sweet as honey. Flesh is yellow and very juicy. Truly a dessert Plum. Also very fine for Plum butter, canning or freezing. Trees bear young and annually. **Prices below.**

RED RASPBERRIES

LATHAM The Commercial Growers FIRST CHOICE

Latham is to Red Raspberries what Premier is to Strawberries. An old standby that grows anywhere on most any type of soil, and so hardy that it will stand 45 degrees below zero. Latham berries are large, often an inch in diameter. Best all-around berry to grow. Cans well, and fine for freezing. The plants grow large and tall. Holds the load of fruit well when trimmed back to 30 inches tall each spring. Latham has that old-fashioned real Red Raspberry flavor that is lacking in so many other varieties. Set Latham plants 3 1/2 ft. by 7 ft. apart.

March, April and May are the best planting months. Plant soon as ground can be worked.

25 plants will plant a row 85 feet long, and plenty for average family.

SEPTEMBER

EVERBEARING RED RASPBERRY
TWO BIG CROPS A YEAR

The first crop begins to ripen with Latham. The fall crop, which is borne on the new growth, starts to ripen in early September. This is a month earlier than Indian Summer bears the fall crop. In both crops the berries are about as large as Latham, and of about the same quality. The plants are vigorous, healthy, and hardy. This NEW variety has been carefully tested for several years, and has proved to be the best of the two-crop-a-year red Raspberries.

PEACHES

HALE-HAVEN

- PROFITABLE MARKET CROP
- FOR FREEZER STORAGE
- PEACHES AND CREAM
- FOR HOME CANNING
- SPICED PEACHES

Our fancy, well bred Hale-Haven trees will bear young and annually. Fruit is freestone, and deep orange-yellow with deep red color many days before they are fit to pick. When fully tree-ripered they are a sight to look at. Firm, yet tender, sweet and juicy. Ship well and will keep a week in the refrigerator, even when fully ripe. We do not hesitate to say that Hale-Haven is the best canning and freezing variety of them all. Self pollenizing. Ripens August 1st to August 20th.

ELBERTA

Elberta Peaches are universally known as the outstanding money-maker Peach wherever Peaches are grown. Roundish oval in shape, with deep golden skin blushed carmine-red. Flesh is golden, rich flavored, ideally firm and fine textured. Without doubt the leading shipping, canning, storage, drying and freezing Peach. Fruit perfectly freestone. Self-pollenizing variety. A good pollinizer for other Peach varieties. Ripens medium late and remains in good condition on trees a long time. (Ripening date Aug. 20 to Sept. 10.)

GIANT FILBERT NUTS

We offer the BARCELONA variety. Produces the largest, sweet meated nuts of them all. Heavy producer, and will grow anywhere, either high or low ground, but prefer low land. We offer plants 3-4 ft. tall, transplanted, and have already borne in the nursery row. Price: 3-4 ft. tall, each \$2.75; 2 for \$5.00.

REDHAVEN

A flaming scarlet Peach that ripens extra early and is very hardy. Originating in Michigan, Redhaven has rapidly risen to fame as one of the leading commercial varieties of Peaches on the market today. Redhaven will be colored up with gorgeous all-over red and ready to pick and ship to distant markets while the fruit is still firm and easy to handle. This Peach has fine, sweet, firm textured, golden flesh. An excellent dessert Peach and very desirable for canning. Redhaven ripens 10 days ahead of regular Hale-Haven. Peach is freestone and self-pollenizing.

BLACK RASPBERRIES

MORRISON LARGEST BLACK RASPBERRY GROWN

Morrison is fast becoming the highest ranking commercial Blackcap. It's a rank grower, and produces immense, round, jet-black fruit of the highest quality, both for fresh, canning, freezing, or jams. You cannot beat it. Cumberland is good but Morrison is better. It will bear twice as much fruit as Cumberland will, because the bushes are twice as large. Morrison is about a week later to ripen than Cumberland. Berries will hang to the bushes a week after they are ripe. Easy to pick. Easy to grow. MORRISON is not too new as this is the eighth year we have been growing it. It's "Time Tested" by this time and is here to stay. Get started this year. Plant some, even if it's only a dozen in the garden. Twelve plants will produce enough fresh fruit for an average family. Plant Morrison for late crop.

CUMBERLAND THE BUSINESS BLACK RASPBERRY

Cumberland is perfectly hardy and tremendously productive. The berries are extra large, glossy black, and not equalled by any other variety in quality, flavor or appearance, except Morrison. Whether wanted for market or home use, we can recommend Cumberland to our most exacting customers. Disease-free. Twice state inspected plants. Plant Cumberland for midseason, MORRISON for late, and MORTGAGE LIFTER for extra early, and you will have berries for a month long. Set plants 3 1/2 by 7 feet apart. March, April and May are the planting months. The earlier the better. Require well drained ground. Plant in October and November for fall. FREE planting directions sent with the plants.

Montmorency Cherry

CHERRIES

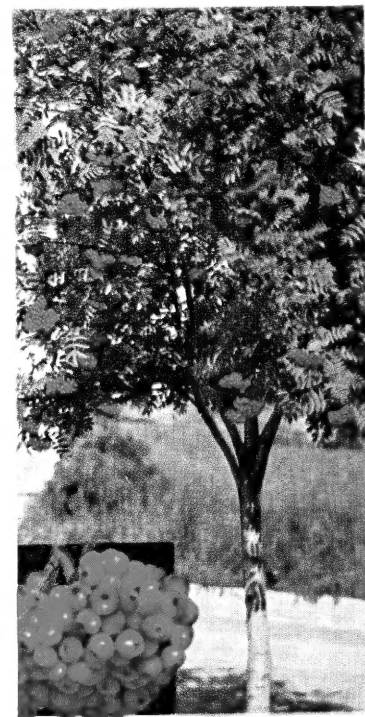

For Delicious
PIE

MONTMORENCY PIE CHERRY

The finest and most reliable pie Cherry ever introduced. Big, round, juicy, bright red fruits will be yours to eat fresh or canned every July if you set out our "Certified Bud Selected" trees this spring. Often bears the year after set. Deliciously sub-acid. Good to eat fresh, or canned, frozen or in pies. Also the one to use for Cherry juice. This variety will grow most any place in the United States, except the Deep South. Not fussy about the soil. Montmorency is so dependable, and always sells. Folks will come and pick themselves, if you find yours! If short of help in harvest time. **2-year-old, 11/16 in., Super Size Montmorency Trees, \$2.25 each; 3 for \$6.00; 10 for \$18.00.**

MOUNTAIN ASH

Beautiful shade tree with narrow leaves formed in pinnate shape and arranged on frond-like branches. Huge clusters of orange berries, which remain throughout summer and into winter, add to the attractiveness of this fine tree. Grows to a height of 40 feet, forming a dense head. Pictured at right. **5-6 ft. trees, \$2.35 each; 2 for \$4.50; 4 for \$8.50.**

Mountain Ash

DOLGO CRAB

The perfect Crab. Hardy everywhere. Heavy bearer, usually beginning the year after setting. Jells perfectly even when dead ripe. A fine ornamental tree for the lawn as well as a wonderful commercial sort. Rapidly displacing such varieties as Transcendent and Hyslop. Bears young. **2-year-old, 4-5 ft size, 11/16 in., \$2.00 each; 3 for \$5.50.**

WEeping WILLOW

This is the Green Weeping Willow, with the long, drooping branches, that dresses up a yard so beautifully. Also fine for rock gardens along the bank of a stream or lake. Very hardy. Will grow on high ground or in water. **Price: 5-6 ft. trees, \$1.60 each; 2 for \$3.00.**

CHINESE ELM

One of the most rapid growing trees. Very durable and hardy. Slender, tough branches. Compact habit of growth with small, attractive leaves. Highly recommended for street planting. Grows anywhere, and is one of the best for dry climates. **Price: nice bushy, 5-6 ft. trees, \$1.60 each; 2 for \$3.00.**

Red Leaf Peach

New RED LEAF PEACH

SENSATIONAL NEW ORNAMENTAL Two-Purpose Tree—A Grand Ornamental—Produces Full Crop of Edible Peaches!

Many ornamental trees have been offered with colored foliage, but never an ornamental PEACH TREE WITH RED FOLIAGE; bright red in spring, dulling to deep maroon towards fall. Deep rose blossoms against red foliage create a most pleasing contrast.

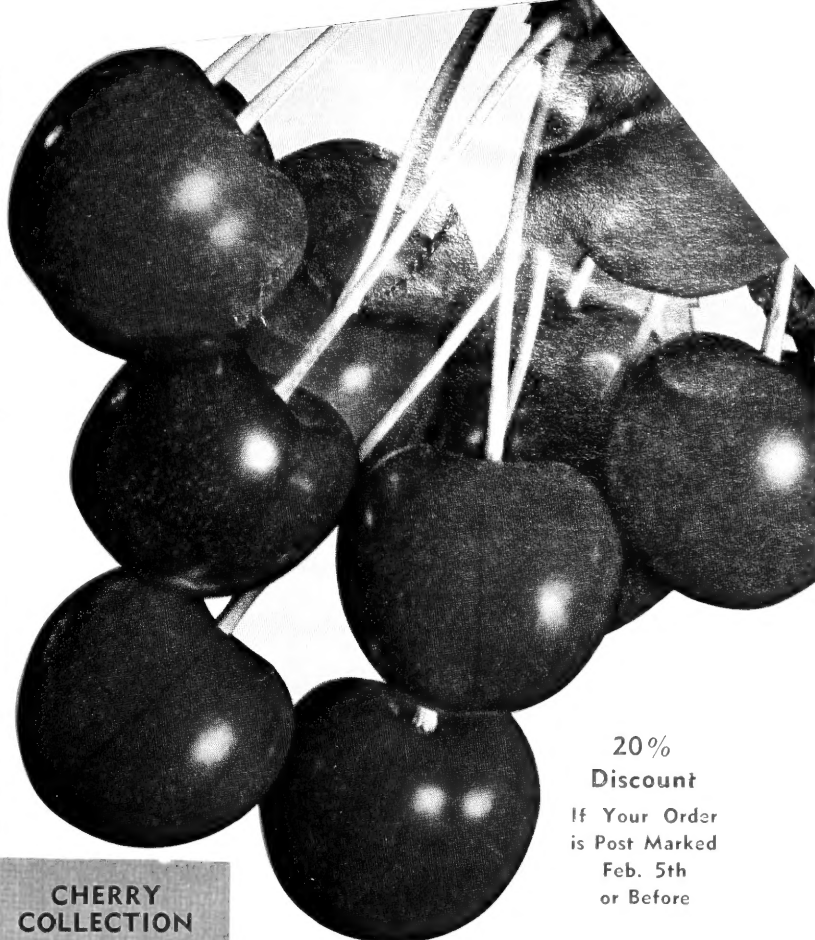

Trees produce a full crop of perfectly round Peaches, 1 1/2 inches in diameter—just the size for pickling. Fruit has all-over red coloring; flesh is white with a delicious sweet flavor. Ripens late, same time as the Gold Drop. Hardier than standard varieties. **2-year-old, 11/16 in., 4-6 ft. tall, \$2.50 each; 3 for \$6.25.**

**Firm and
SWEET**

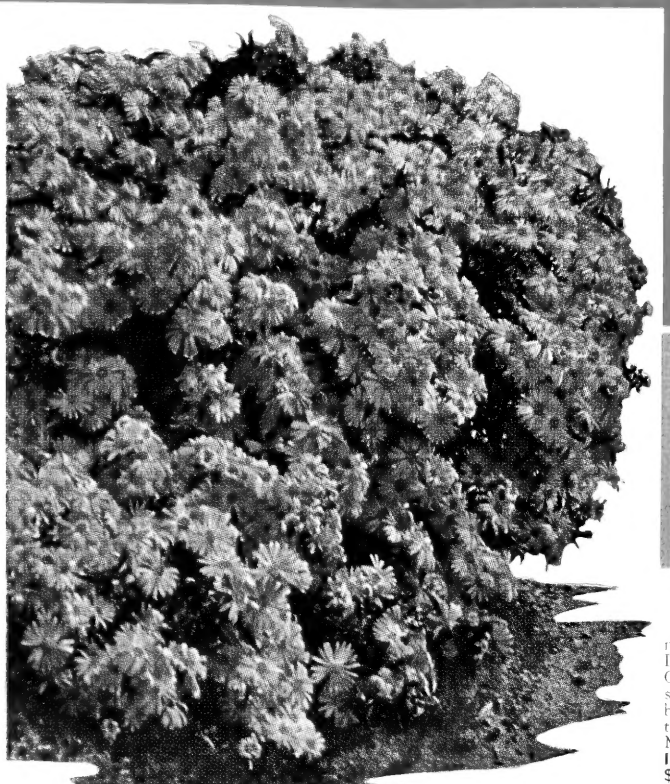

CHERRIES

BING SWEET CHERRY

This is that extra large blackish red Sweet Cherry that you see in the fancy fruit stores, that sells anywhere from 35c to 60c per pound. Brittle and sweet. Small pit. Dark wine-red all the way through the meat. Remarkable keeping qualities, and a wonderful producer. Ripens about the time most of the smaller varieties are off the market. Brings the highest price on any market on account of its size and attractive appearance. Always set 1-year-old Sweet Cherry trees. They grow better. We offer 1-year-old, 11/16 in. trees at \$2.25 each; 3 for \$6.00.

CHERRY COLLECTION

1 Bing
1 Montmorency
2-Year-Old, 11/16 In.
FOR ONLY \$3.15
NO DISCOUNT

BLUE GOWN

This hardy Aster is a perennial and will last for years. Divide them every three years. Gets 3 to 4 feet tall in good soil, and covered with china-blue flowers from top to bottom, from September to frost. Make a fine border plant. **Nice large plants, 45c each; 3 for \$1.20; 10 for \$3.00.**

PRESIDENT LINCOLN LILAC

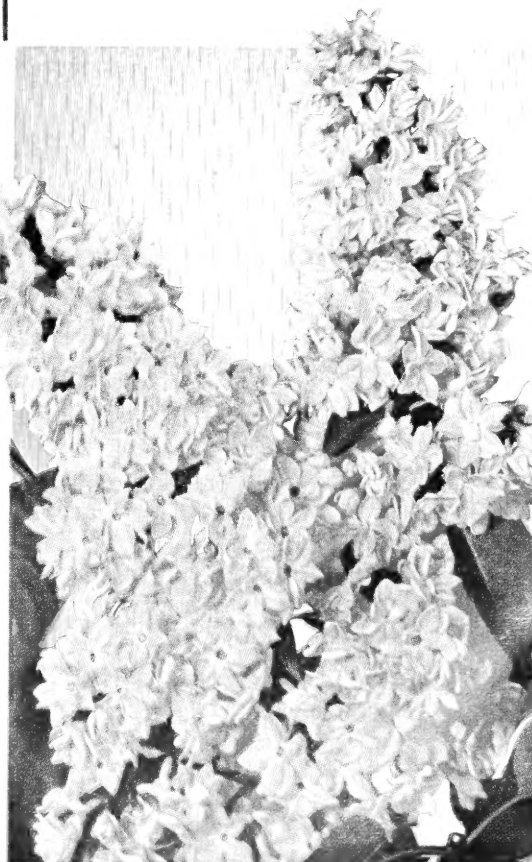

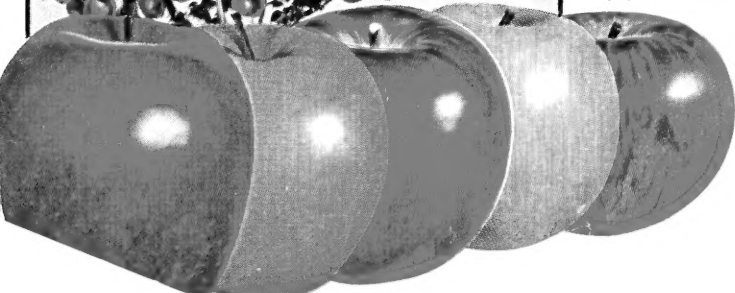

This is the only true blue Lilac that we know of. Single, very fragrant and a sure bloomer. This is a French hybrid. Panicles 8-12 inches long, thickly massed with single blue florets. **2-year-old, 18-24 in., strong plants, \$1.50 each; 3 for \$4.00; 10 for \$10.00.**

VEST POCKET APPLE

Six Varieties All On One Tree

This is not just a worthless novelty. It is really true. We have budded 5 different varieties of Apples all on a Crab Apple stock. This makes 6 varieties all on this one sturdy, tough understock. You will get Red Delicious, Yellow Delicious, Dark Red Jonathan, Wealthy, Yellow Transparent and the Whitney Crab on which all these varieties are budded. Yellow Transparent will be the first to ripen, then the Wealthy, and so on up to the late winter keeping varieties. Why buy 6 trees when you have only room for one. Think how interesting it will be to watch this tree develop. Plant one by your kitchen door, and you will be well repaid with sweet Apple blossoms early in the spring, shade all summer, and fruit all summer and fall. We offer 11/16 in., 4-6 foot tall trees, 1-yr.-old grafts on a 3-yr.-old rootstock, for \$3.75 each.

GIANT CULTIVATED BLUEBERRIES

Grow Them in Your Garden — Grow Them Commercially

For a big money-making crop, these giant size, dark blue Blueberries are without equal. No other fruit bears more abundantly and requires so little care. Even a few bushes will provide the average family with enough fruit all season for fresh desserts and pies, and for canning and freezing. Berries shown here are Jersey variety. They have a mild sweet flavor, and are consistently uniform in size and shape.

EASY TO GROW. Each year as we learn more and more about growing the HYBRID cultivated Blueberries, we find that they are not near as fussy about what kind of soil they will grow on, as we thought a few years ago. Of course, they prefer a rather moist, acid soil, but we also find that they will grow on other soil, too, by adding some peat moss, old leaves or sawdust with the soil. Sulphur and water them well during dry spells

The cultivated Blueberry is a rather DWARF growing plant. A plant 15 years old will not be over 6 feet tall, but it will be the same size in circumference. They grow in a all-shaped plant, and their roots are all very near the top of the soil, so they must be cultivated very shallow. Set the plants 5 feet apart each way, and keep clean by frequent cultivation. Hoe all weeds away from the plants.

A Five-Year-Old Bush

HOW TO ORDER

Fill out and mail your order as soon as you can after you receive this catalog. Remember, the earlier the better. On all orders received on or before Feb. 5th (postmarked Feb. 5th), we are allowing a 20% CASH discount, from anything in this catalog (except a few items marked "NO DISCOUNT"). Your order will be acknowledged by first class mail, and not shipped till you tell us to.

WHEN TO PLANT. March, April and May are spring planting months. October and November are best fall planting months. Let us ship when it's just the right time.

REFERENCE

The Bank of Three Oaks; Citizens Bank, Michigan City, Indiana; American Railway Express agent; Postmaster, or Dun & Bradstreet.

TRANSPORTATION

Our prices are F.O.B., New Buffalo, Mich. You pay your expressman or postmaster for the charges.

TERMS OF REMITTANCE

Send post office or express money order, bank draft, or your personal check. Please do not send currency unless you register the letter. Our terms are full payment with order. However, on orders amounting to over \$20.00, we will accept one-third payment with order and you may send the balance before it is time to ship.

HOW TO SHIP

We ship everything either by express or parcel post.

DISCOUNTS

It will pay you to mail your order early, as this year we are allowing 20% cash discount for orders received before February 5th.

20% CASH DISCOUNT BEFORE FEB. 5

OUR GUARANTEE

We guarantee all of our nursery stock to be just as represented in our catalog; fully up to grade, of good quality, free from disease, and absolutely true to name; also to reach the customer alive, and in perfect growing condition.

Furthermore, we will, at our option, either replace free of charge, or refund purchase price on any stock that arrives in bad condition, providing claim is made within 40 days after arrival. After 40 days, it is mutually agreed that stock is satisfactory. If stock is unsatisfactory on arrival, be sure to get signed statement from your express agent or postmaster showing extent of damage, and send this along with your claim. Do not return plants unless so instructed by us.

Continued growth depends upon soil, climatic conditions, planting and care—conditions we cannot control—hence is not guaranteed.

It is mutually agreed that in any event we will not be liable for more than the purchase price of the stock. It is understood and agreed between the customer and ourselves that the purchaser's order and our acknowledgment of its receipt, shall constitute a mutual acceptance of the above terms and conditions.

A Dwarf Bartlett

DWARF BARTLETT PEARS

These Pear trees are just the thing for small back yards or crowded quarters. Trees never get large. Bear year after set. Fruit large as standard Pear. It's just the trees that stay small. A 6-foot tall DWARF Pear tree will bear a bushel of Pears. Set 8 feet apart. We offer trees ready to bear. **2-year-old, 2-3 ft., \$2.95 each; 2 for \$5.50; 5 for \$12.50; 10 for \$22.50.**

SUPERIOR RED PLUM

Grows Dwarf-like

Wine-red color, yellow flesh. Juicy and sweet. One of the hardiest, and could be classed as a dwarf. Tree bears second year, and annually. Ripens middle of August. Best red Plum. **2-yr.-old, 11/16 in., Super Size trees, \$2.25 each.**

ORANGE QUINCE

Fruit large and round, with short neck. Color bright yellow; flesh tender, juicy and excellent flavor. Highly regarded for jellies and preserves. High in pectin. Trees bear young. Trees are dwarf growing, seldom over 8 feet. **Price: 2-yr., branched, 3-4 ft. trees, \$1.75 each; 3 for \$5.00; 6 for \$9.00.**

DWARF

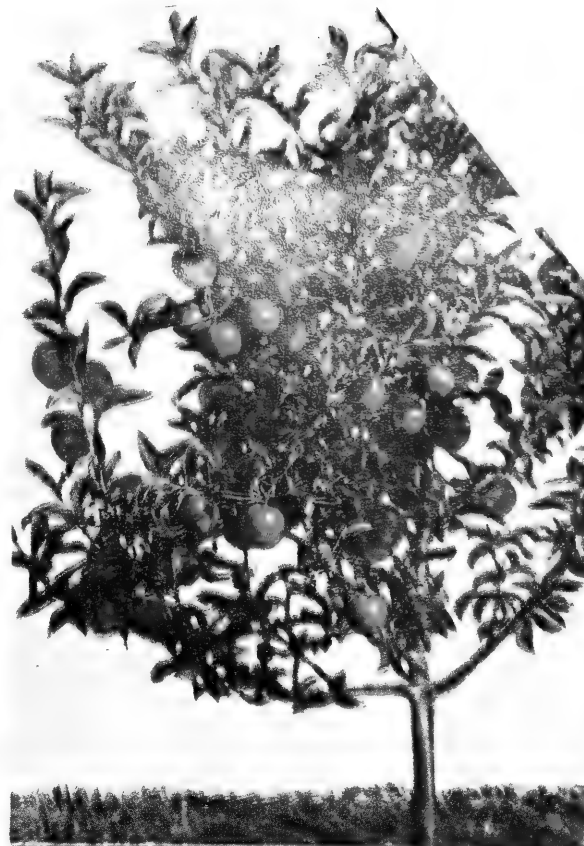

AND YOUNG BEARING
FRUIT TREES

*Grow Full Size
Fruit on our
Dwarf Trees*

DWARF APPLE TREES

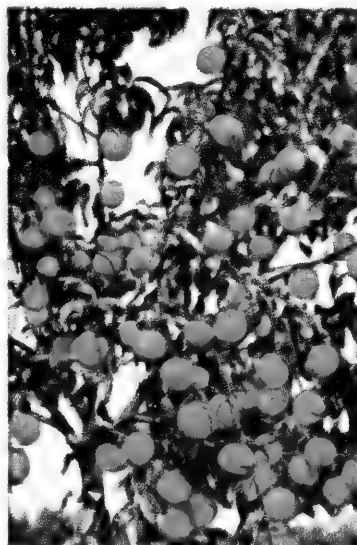

Dwarf Apple trees are in great demand. You can plant them in a very small space as they never get over 8 to 10 feet tall at maturity. They produce the same large fruit that a standard Apple tree will. It's only the tree that stays small. Very attractive in bloom, and the fruit is so easy to pick. Start bearing the year after set. We have to offer: Double Red Delicious, Double Red Jonathan, Double Red McIntosh. **Price: 3-4 ft. trees, \$3.00 each; 2 for \$5.75; 4 for \$11.00.**

A Dwarf Red Delicious Tree

DWARF PEACHES

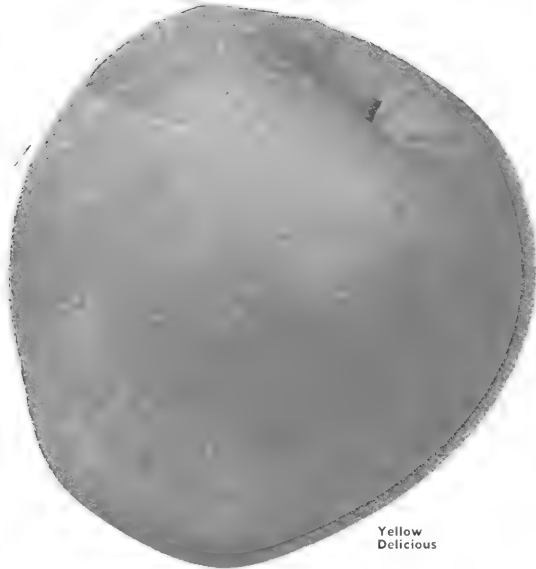

Imagine trees, not over 6 feet tall when fully matured, producing BIG Peaches the same as standard type trees! No more need for ladders—take very little space—bear second year after planting—heavy producers, Beautiful ornamental when in bloom. These trees are budded on a special, hardy understock, which is more dwarf than any other understock we know of. Elberta, Redhaven and Hale-Haven varieties. **1-year-old, 3-4 ft. trees, \$3.00 each; 2 for \$5.75.**

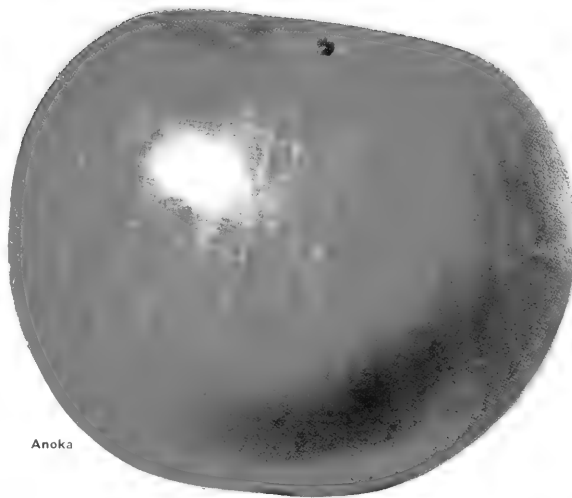

SAPA (Plum Cherry)

This dwarf hybrid Cherry Plum comes from Minnesota. It will also bear where it gets too cold to grow the regular Cherries. It's sweet as honey when fully ripe. Trees bear at 3 years-old. Being a dwarf tree, they can be set 8 feet apart. **Price: 2-3 ft. trees, \$2.00 each.**

Delicious

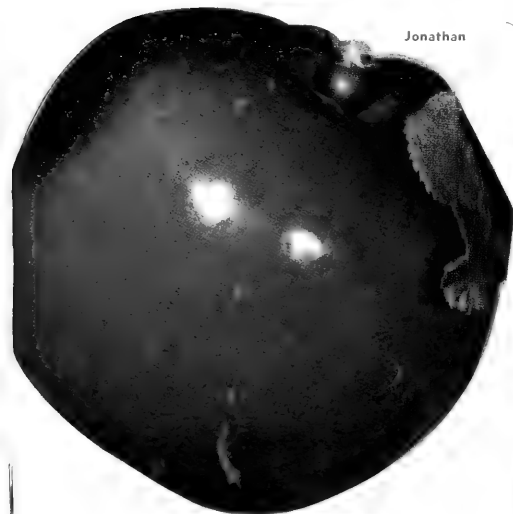

Anoka

Rome
Beauty

McIntosh

Jonathan

Double
Red
Delicious

DOUBLE RED DELICIOUS

This variety is far superior to the common Red Delicious, as it is highly colored all around, with no green sides. Double Red Delicious is America's number one Apple. It tops the market every time, and seems to bear in a wide range of soils and climates. The fruits are very large, solid red, with the five points, and rather long in shape. A most beautiful Apple, and the best eating Apple of them all. Flesh slightly yellow, with semi-sweet flavor. Two and three-year-old sizes available, also Giant.

DOUBLE RED JONATHAN

This is No. 2 Apple on the market. That is, Red Delicious brings the biggest prices and sells the best, and Jonathan comes next. This variety cannot be praised too highly. It's solid red, good sized, firm, juicy, and keeps well. Its flesh is white and brittle with that tart, tangy flavor that's in a class all of its own.

APPLE TREES

ANOKA The Old Folks Apple

The second year, big, full sized crop, earliest and heaviest bearing Apple. Hardy in all climates, never winter-kills. Grows anywhere in the United States. Ripens in August, but can be used a month earlier. Apples are good sized, well formed, beautifully colored.

YELLOW DELICIOUS

Winter. Comes into bearing early, producing heavy crops. Very thrifty, hardy, vigorous grower. A golden Apple which has won fame as an outstanding commercial variety. 2- and 3-year-old sizes available, also Giants.

RED MCINTOSH

Large fruiting strain of McIntosh is a winner for flavor and quality. Bright red fruits of good size with white flesh. A fine, juicy and highly aromatic Apple. Beautiful and a good seller. Heavy bearing, ripening in fall.

RED NORTHERN SPY

Dressed up in its new bright skin, the old hardy favorite retains its famous quality and flavor. Large fruit, firm in flesh and skin, it keeps wonderfully well in storage. A favorite for drying, baking, cooking, pies and freezing.

RED ROME BEAUTY

An all-red strain of the old Rome Beauty. Highly prized for baking purposes. Trees are vigorous growers and yield heavy crops of large, evenly colored Apples that keep extremely well all winter.

YELLOW TRANSPARENT

Ripens in July. One of the best early Apples. Skin clear white, changing to pale yellow when ripe. Flesh white, tender, sub-acid. Yellow Transparent is one of the very best for pies and apple sauce.

FLOWERING CRAB COLLECTION

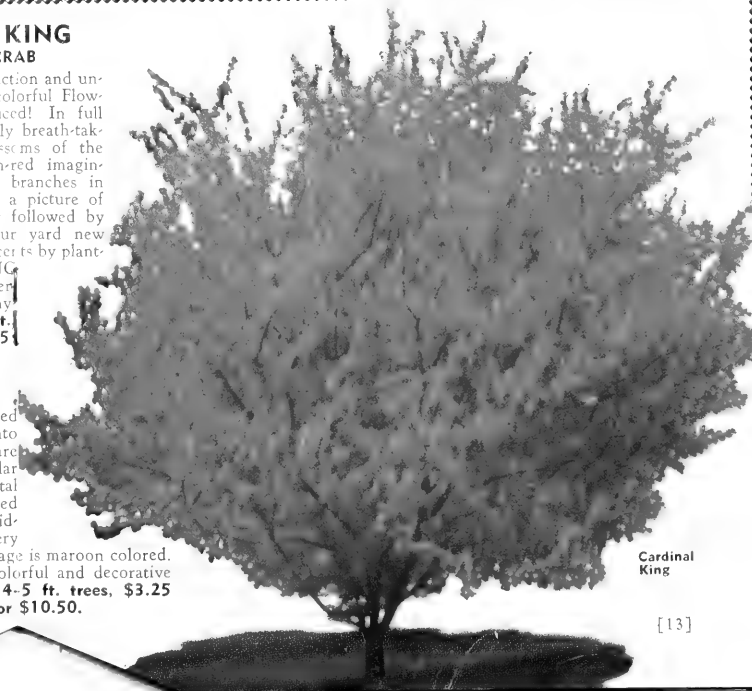

1 Cardinal King for \$4.55
1 Hopa only
No Discount

CARDINAL KING FLOWERING CRAB

A new, recent introduction and unquestionably the most colorful Flowering Crab ever produced! In full bloom, its beauty is truly breathtaking. Large, single blossoms of the most sparkling crimson-red imaginable, literally load the branches in early spring, presenting a picture of gorgeous, flaming color followed by green leaves. Give your yard new beauty and rich color accents by planting CARDINAL KING this spring. Trees are perfectly hardy; thrive anywhere. Prices: 4-5 ft. \$3.25 each; 2 for \$5.95; 4 for \$10.50.

HOPA FLOWERING CRAB

Beautiful bright red flower buds opening into fragrant pink flowers are produced on this popular low growing ornamental in early spring. Small red Apples are borne in mid-summer, and make very fine jelly. Attractive foliage is maroon colored. Here is a tree that is colorful and decorative at all seasons. Prices: 4-5 ft. trees, \$3.25 each; 2 for \$5.95; 4 for \$10.50.

Cardinal
King

THUNDER-CLOUD (Purple-Leaved Plum)

We consider this new variety an improvement over the more common types, particularly as to color. The foliage is a brighter, richer purple, which holds up throughout the season, providing a pleasing contrast among other trees and shrubs. Low growing, compact habit; very ornamental and useful for lawn specimen and among shrubs. Prices: 3-4 ft. trees, \$1.50 each; 2 for \$2.95; 4 for \$5.50.

PEARS

Pears are so easy to grow. They bear young and annually. Live a lifetime, and need no cultivation, or spray as a rule. Our well grown, healthy trees will give you complete satisfaction.

BARTLETT PEAR

This is the KING of the Pears, and also the leading commercial variety. Large yellow fruit with red blush. White flesh, juicy and sweet. Ripens middle to last of August. Excellent eaten fresh or canned. **2-year-old, 11/16 in. trees, 4-5 ft., \$2.00 each; 2 for \$3.85.**

VICTORIA RHUBARB

This giant stalked Rhubarb is the best that can be grown. It is tender, early, and has a mild acid flavor. Stalks are reddish green. Delicious for pies and sauce. We offer you nice size, 2-year-old roots.

MARY WASHINGTON ASPARAGUS

There is no variety of Asparagus as good as Mary Washington, and whether for home use only or for market, you cannot afford to grow any other. This wonderful new Asparagus was developed and introduced by the U. S. Department of Agriculture, and although a recent introduction, it has become famous the country over.

Growers everywhere are discarding all other varieties in favor of Mary Washington, because it is earliest, the stalks are larger, more tender, more productive than any other variety.

ASPARAGUS PRICES

CANADA RED RHUBARB

A brand new Rhubarb imported from Canada. Stems dark red clear to the heart and up in the leaf. Sauce made from our Canada Red will be as red as Strawberry jam. Skin so tender it can be cooked with the stem. Grows to a giant size. Stock still limited. We offer divisions as it can not be grown from seed. **2-yr. divisions, 75c each; 3 for \$2.00; 6 for \$3.75.**

CANADA RED RHUBARB

3-year-old, heavy clumps, \$1.50 each. Ready to bear.

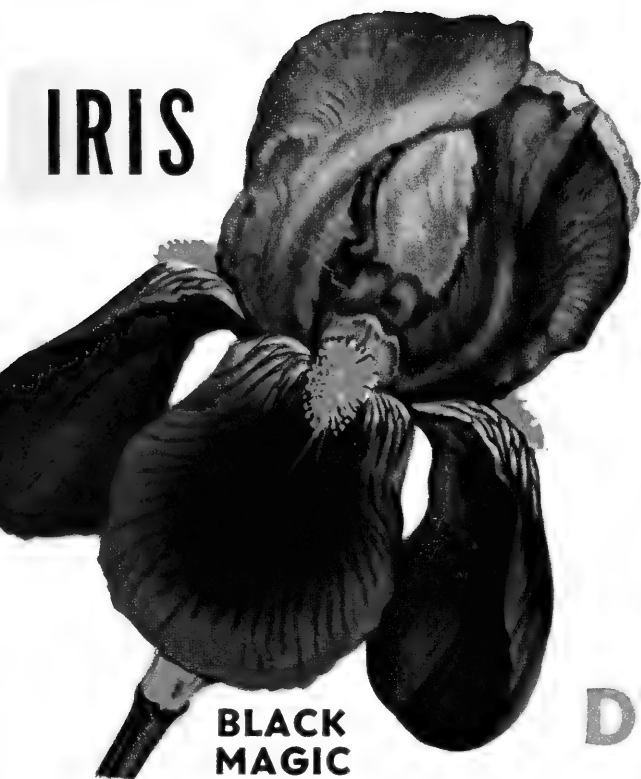

58-DAY HYBRID SWEET CORN

Grows small stalks, with one and two 5- to 6-inch ears to the stalk, on good garden soil. We have never seen an earlier Corn. Will make Corn ready to eat in 58 warm days. It's sure sweet, and tender, too. Yellow as butter. We have several customers who buy 50 pounds of it and make real money by having the FIRST Corn on the market.

REGAL LILY

The most favorite of all Lilies. They are hardy. Plant in spring, and do not need to be dug. Will come up year after year. Large white flowers with yellow throat, from 3 to 8 on a single stem. Fragrant. We offer 7- to 8-inch circumference bulbs. **Each 50c; 3 for \$1.25; 6 for \$1.65; 12 for \$3.20.** Sure to bloom this year.

Dwarf ROSE GOLD PUSSY WILLOW

Huge catkins progress from silver-gray to silvery pink, then rosy pink dotted with hundreds of bright yellow stamens; last for weeks. Low mounded plant to 4 feet with soft, silvery foliage, never gets leggy. Stock limited for spring; many available next season.

PRICES

| 18-24 in., Strong Plants | | |
|--------------------------|-------|--------|
| Each | | \$1.25 |
| 3 for | | 3.00 |
| 10 for | | 8.50 |

BLUE HYDRANGEA

A rare plant of exquisite beauty, which will produce a fine crop of glorious blue flowers measuring 6 to 10 inches across. A few old rusty nails in the hole as you plant will assure them to bloom blue and stay blue. Or a teaspoonful of aluminum sulphate will do the trick also. **Prices:** 2-year-old, field-grown plants, \$1.50 each, 2 for \$2.75.

CRIMSON PIGMY

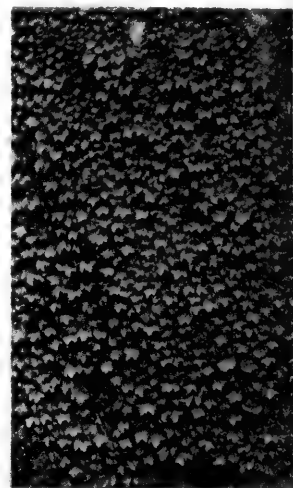

DWARF RED BARBERRY

Originated in Holland. Slow growing, compact little balls of fiery red foliage. So pretty when planted along walks or in front of your shrubs and evergreens. A 3-year-old plant will not be over 18 inches in diameter. Must be planted in full sun for best color. We are offering a limited number of 2-year-old bushes. **Price:** Each \$1.50; 3 for \$4.00; 10 for \$12.50.

BOSTON IVY

(*Ampelopsis Veitchi*)

The best known and most popular of climbing plants. Very attractive, 3-lobed glossy green leaves. A rapid grower after established; clings to any surface. Will thrive in sunny or shady locations. Foliage turns scarlet in the fall. Valuable for wall coverings, tree trunks and posts. **2-yr., field-grown vines, 80c each; 2 for \$1.50; 4 for \$2.90.**

Boston Ivy

EVERGREENS *For Beauty All Year*

SPREADING YEW

Beautiful Yew of moderate bushy growth, usually grows wider than tall. Branches from the bottom, developing into a bush form. Spreading branches densely clothed with short, dull green leaves. The most attractive spreading evergreen. Will grow in semi-shade.

| Spread | Each | 2 for |
|-----------|--------|--------|
| 15-18 in. | \$3.00 | \$5.50 |
| 18-24 in. | 4.00 | 7.50 |

Spreading Yew

SPINY GREEK JUNIPER

(*Stricta*)

For a semi-dwarf pyramidal evergreen, Juniper *Stricta* is unsurpassed. Foliage is a silvery blue, very compact and Cedar-like. Reaches about 4 feet in this section, and slightly larger in the South; not quite as large in the North.

| | Each | 2 for |
|----------------|--------|--------|
| 15-18 in. tall | \$2.25 | \$3.95 |
| 18-24 in. tall | 3.00 | 5.00 |

Spiny Greek Juniper

DO IT YOURSELF!

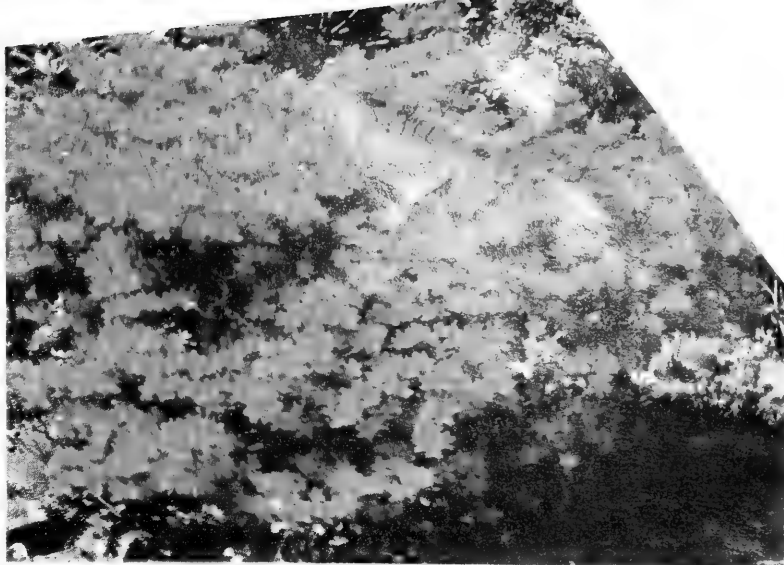

Do your own landscaping and save 75% of the normal cost. We have over 30,000 landscape size evergreens to sell from \$2.50 each and up, that are grown right. Our sandy loam develops a wonderful fibrous root system. If you need help in planning your planting, just send us a rough sketch of your house, showing dimensions, also locations of doors, windows, steps, chimney, etc. We will return it to you with keyed directions as to what, where and how to plant it. (No obligations on your part.) Then you can select the size of trees and send us your order.

CARNATIONS

Five Colors

All double. Big $1\frac{1}{2}$ to 2-inch flowers with double and triple rows of petals, all fancy fringed. Spicy, lingering fragrance. Lovely grass-like, blue foliage. Blooms all summer. Fine cut flowers. Ideal for borders. Five colors: Yellow, Pink, Scarlet, Dark Maroon, White. Prices: 1 of each for \$1.75; 2 collections, \$3.00; 5 of each, 25 plants only \$5.95.

Hardy Azalea Mollis

HARDY AZALEA MOLLIS

MICHIGAN GROWN

Grow our fine Azaleas just like any other shrub. These do not require a special acid soil, and will grow equally well in the sun as in shade or part shade. Perfectly hardy, and do not require any winter protection. Stands 15 to 20 degrees below zero. These being hybrids come in mixed colors only. Colors range from orange to orange-red, and many colors in between. All plants will have flower buds and are old enough to bloom the first year you set them out. Bloom late May and June. Prices: 3-year-old, 12-18 in. plants, \$1.50 each; 3 for \$3.25; 10 for \$11.00; 25 for \$24.50.

HARDY GOLDEN PRIVET

For brilliant color contrasts, mix a few of these plants with your shrub plantings or plant dividing hedges of Golden Privet. Hardy and fast growing, yet may be kept sheared at the desired height and size. Plant four of them in a diamond shape at a corner of your lawn and skirt with five plants of Red Barberry. This will make a colorful, hardy and beautiful planting. Price: Nice 2-yr. plants, 65c each; 4 for \$2.50; 10 for \$5.95.

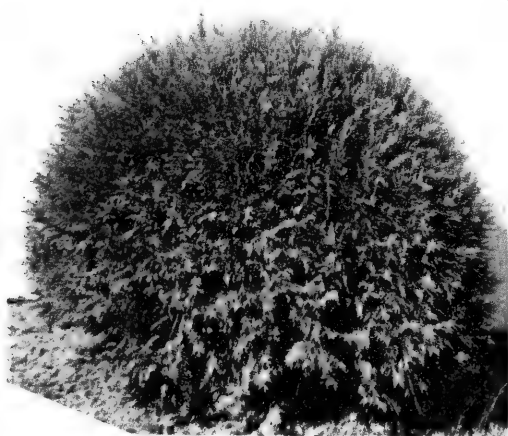

Hardy Golden Privet

EVERGREENS

GLOBE ARBOR-VITAE

Naturally globe-shaped, shrubby type with broad, green, fan-shaped leaflets. Grows 3 feet tall; light pruning keeps it shapely. Fine for doorway planting, border and corner groups. 18x18 inch spread and tall, \$3.50 each; 2 for \$6.25.

Globe Arbor-Vitae

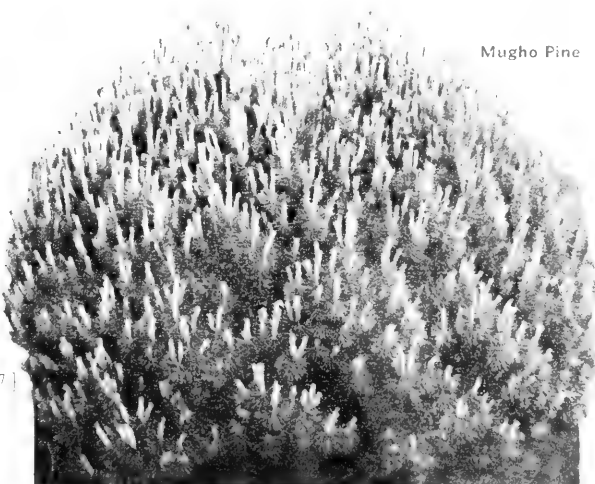

DWARF MUGHO PINE

We offer the dwarf Mugho Pine, which are so much better than the Montana Mugho. These are compact, and are often called Pin-cushion Evergreen. Dark green foliage, with beautiful silvery pink new growth in the spring.

| | Each | 2 for |
|----------------|--------|--------|
| 12x12 in. | \$2.50 | \$4.80 |
| 18x18 in. | 3.50 | 6.50 |
| 24x24 in. | 4.95 | 9.00 |

| 3- 4 ft. tall | 4.00 | 7.00 |

Fastigiata Juniper

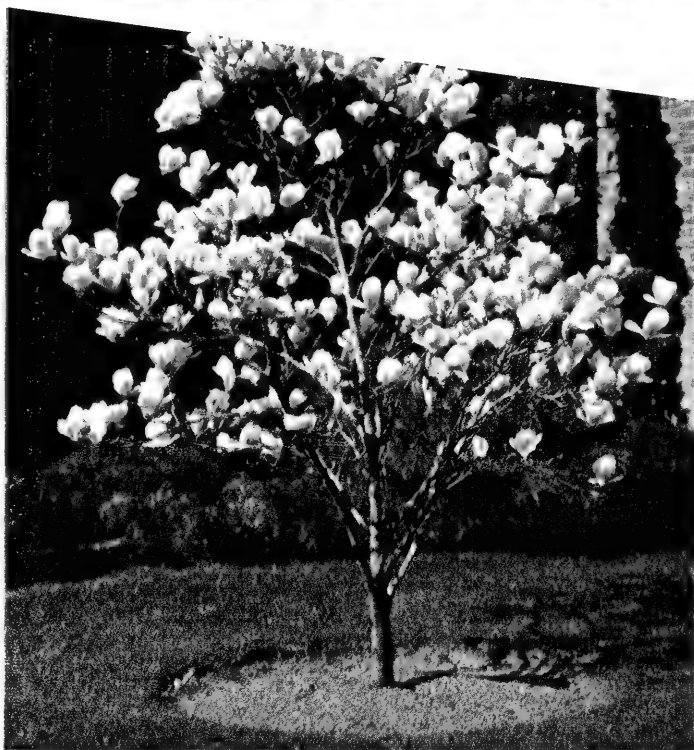

RHODODENDRONS

EXCELLENT NEW HARDY HYBRIDS

One of our most elegant native plants. The Rhododendron is always a thing of beauty and, if reasonable care is used in growing them, they are perfectly adaptable to use in most sections of the country for landscape work and foundation plantings. These Hybrid varieties will indeed provide a luxurious appearance when matured. Foliage is large, rich glossy green in color and stays that way the year around. We cannot guarantee color of bloom, since these are hybrids, but shadings run from pink through the lavender shades to deep rose. Nice 9- to 12-inch plants, \$1.95 each. Growing instructions same as Blueberries.

MAGNOLIA SOULANGEANA

Large Lily-like flowers of creamy white-rose-pink. This is the most popular of the hardy Magnolias and is one of the first trees to bloom. The delightfully fragrant flowers appear before the leaves. Trees grow 12 to 15 feet. Attractive rich waxy green foliage. Likes acid soil. 3-ft. trees, \$5.95 each.

EVERGREENS *For Beauty All Year*

PYRAMIDAL ARBOR-VITAE

For foundation or group planting in all landscape work. Retains the flat foliage and lovely bright green color at all seasons. Grows compact and develops naturally into perfect pyramidal form. May be sheared for strictly formal effects. **Each 2 for**
 18-24 in. \$2.50 \$4.50
 2- 3 ft. 3.00 5.50

PFITZER JUNIPER

The well known, gracefully spreading, low-growing Evergreen with sweeping fronds of fresh green foliage. Very hardy and does well in sun or shade. Quite rapid in growth when once established. The spreading branches should be kept sheared to form a dense mass of foliage. Allow tips to grow to size desired and then keep in bounds by trimming.

Each 2 for
 15-18 in. spread \$2.50 \$4.50
 18-24 in. spread 3.00 5.50
 2-3 ft. spread 4.00 7.50
 3-4 ft. spread 5.00 9.00

BABY EVERGREENS

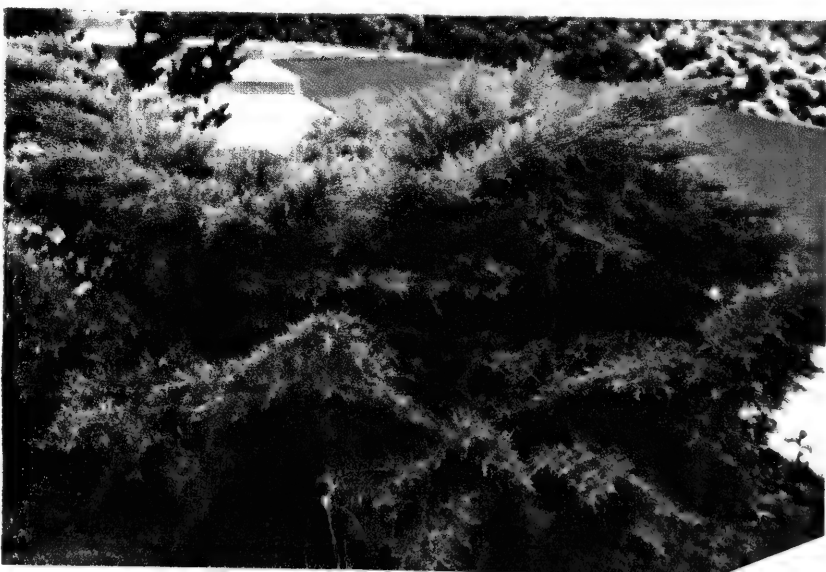

Set these sturdy, transplanted evergreens in your garden for 2 or 3 years and you will have trees that will be worth 10 times what you will pay us for them. You be the nurseryman.

SHRUBS

HYDRANGEA P.G.

Flowers are extra large, white at first, turning to a pretty pinkish purple, and later on in the fall to a perfect bronze. Fine winter bouquet. Blooms July to October. Bloom this year. Price: 18-24 in., strong plants, 95c each; 2 for \$1.75.

NEW DWARF CORKBARK SHRUB

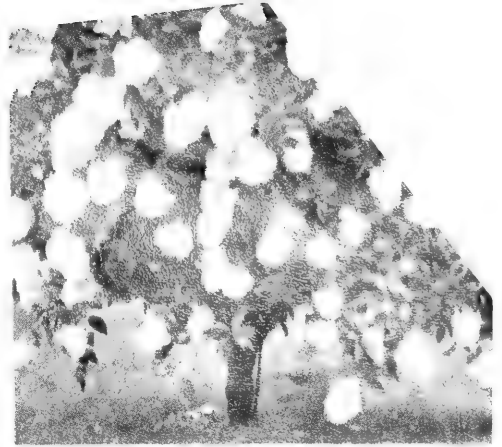

For Brilliant Autumn Foliage

A new attractive shrub because of its heavily ridged branches. Flutings resemble layers of cork. New dwarf type. Foliage is especially fine in autumn when it changes to many brilliant shades. Grows 3 to 4 feet tall. Price: 2-yr. plants, \$1.25 each; 3 for \$3.00.

WHITE DOGWOOD

(Cornus Florida Plena)

Beautiful, large, snow-white flowers early in the spring. Grows well in shade or open sunlight. Dry or wet soil. Not fussy at all. Price: 2-3 ft. trees, \$2.00 each.

Hydrangea P.G.

Dwarf Corkbark Shrub

REDBUD

One of the handsomest of the low growing, flat-topped trees. Attains a height of about 15 feet at maturity. Along the numerous, wide spreading branches, rosy lavender blooms appear before the tree leafs out in spring. Flowers are so thick the tree appears as a small pink cloud. Due to the extreme hardness of the wood, the tree is usually very late leafing out. Price: 2-3 ft. trees, ready to bloom, \$1.50 each; 3-4 ft. trees, \$2.00 each.

EVERGREENS

UPRIGHT GROWING YEW

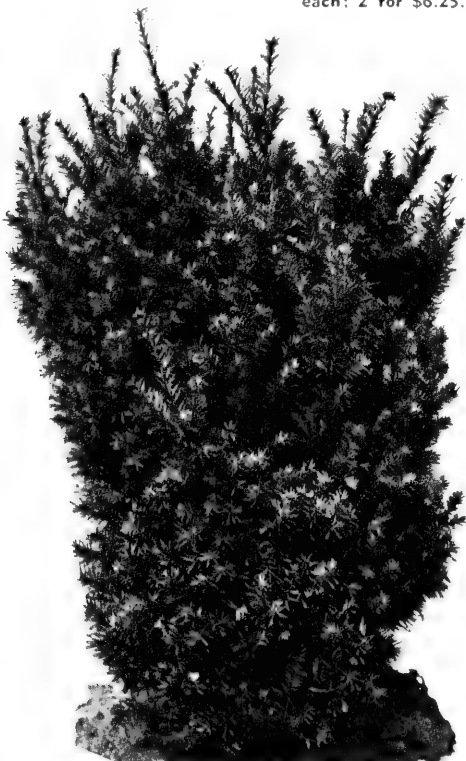

Will thrive in full shade or full sun. Grows upright, shrub-like. Not too narrow. Fine for corner plantings, or between windows. Can be pruned to most any shape, or will stand cutting back if it should become too large for the place it is in. Its dark green foliage, with its lighter new growth, makes it about the prettiest of all evergreens. Very hardy and tough. Does well in sand or hard ground, wet or dry. Lasts many years, and never seems to need replacing. Price: 18-24 in., pruned for fullness, \$3.50 each; 2 for \$6.25.

DWARF GOLDEN BIOTA

Short, fan-shaped branchlets of gleaming golden green. Highlights the entire landscape. Grows 3 to 4 feet at maturity. Trim as desired. Lovely in groups for color contrast and in low foundation plantings. 24- to 30-inch specimen trees, EACH \$5.50.

COLORADO BLUE SPRUCE

One of the hardest and most beautiful of all evergreens for specimen planting. Should have plenty of room to develop its branches and stately form. Since Colorado Blue Spruce are grown from seed there is some variation in the blue shading, especially when the trees are young. Should be planted where they have plenty of sunshine to get best color effect. Very young trees are not particularly shapely but the typical symmetrical form comes as the plants grow to 3 feet or more in height. Price: 10 to 12 inch, bushy trees at \$2.00 each.

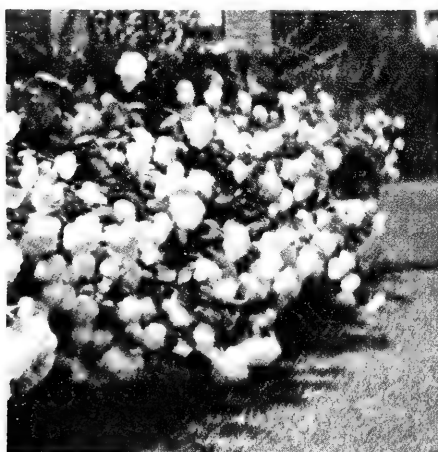

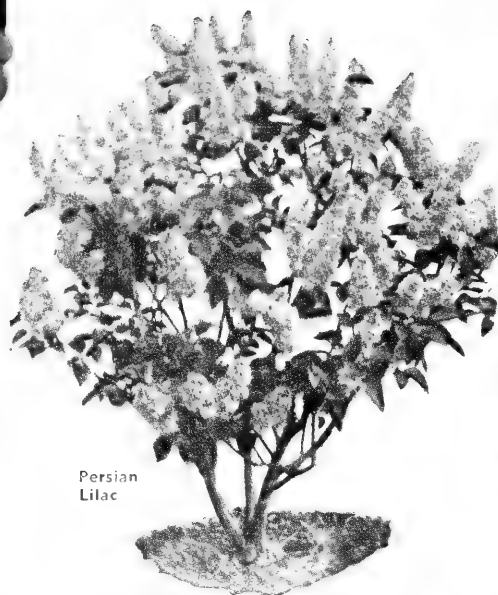

Red Althea

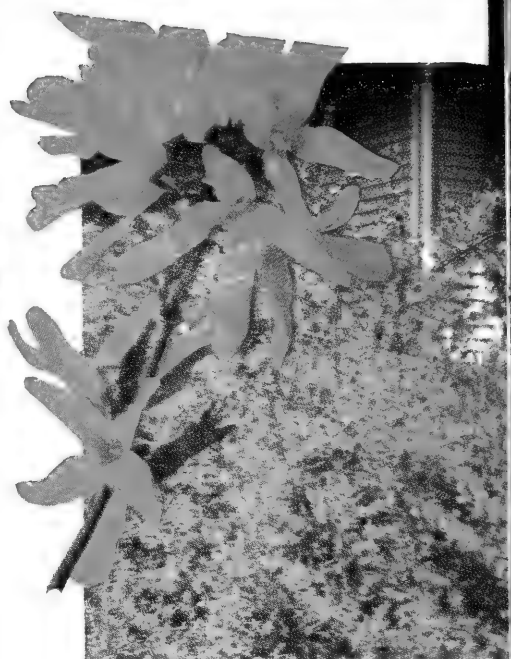

Mock Orange, Virginal

Hydrangea A.G.
Dwarf Crimson Spirea

Persian
Lilac

Forsythia

FLOWERING SHRUBS

PURPLE FRINGE (Smoke Tree)

Clusters of misty purple flowers make this tree-like shrub resemble a great "pull of smoke" when in bloom. Grows 6 to 8 feet tall. The flowers are long lasting and make a strikingly beautiful display. (Ours is the hardy variety that can be grown in northern states.) Price: 2-yr., blooming age, 18-24 in., \$1.00 each; 2 for \$1.95; 4 for \$3.80.

PERSIAN LILAC

A dwarf variety with slender, arching branches. A more profuse bloomer than the common, and does not sprout from the roots. Desirable for grouping with other shrubs. Makes a beautiful hedge when planted 2 feet apart and trimmed to desired height. Price: Strong, 2-3 ft. plants, each 95c. 2 for \$1.80; 10 for \$8.00. Less Discounts.

DOUBLE RED ALTHEA

Blooms in August when other flowers are so scarce. See picture at left above. A four-year-old Red Althea in full bloom. If you are looking for bright color in your landscape, here is the answer. Bright red, and as double as a Rose. May be used for a hedge or tall growing background. We offer 2-3 ft., strong plants. Price: Each 75c; 3 for \$2.10; 10 for \$6.00. Less Discounts.

New! FORSYTHIA, "SPRING GLORY"

LARGER, BRILLIANT YELLOW BLOOMS FOR EARLIEST COLOR

A so spectacular new Forsythia which bears such masses of so much larger blooms than older varieties that a mature plant in full bloom in early spring is an almost unbelievable sight. The brilliant large yellow florets completely cover the branches, giving the effect of a giant sunburst. Canes grow erect with gracefully drooping tips. Very hardy in all sections of the country and thrives and grows vigorously in ordinary soil. Nice, 2-yr., blooming size plants, 85c each; 3 for \$2.25.

HYDRANGEA A.G.

(Hills of Snow)

This is the snowball type Hydrangea. Large blooms in June and last all summer. Will grow in shade as well as sunlight. Prices: Large, 18-24 in. plants, ready to bloom, \$1.10 each; 2 for \$2.00.

DWARF CRIMSON SPIREA

Crimson-red flowers arranged in large, flat clusters, bloom from June until fall. Shrubs grow 3 to 4 feet tall; may be trimmed as desired. Very hardy; will thrive everywhere. 2-yr., blooming age bushes, 85c each; 2 for \$1.65; 4 for \$2.95.

RED BARBERRY

Same as green Barberry except that the foliage is bright red. Stays red all summer and followed by red berries in the fall. Plant 18 inches apart. Fine to plant near or around evergreens to discourage dogs. Price: 15-18 in., strong plants, 60c each; 3 for \$1.75.

DOUBLE VIRGINAL MOCK ORANGE

(Philadelphus, Virginal)

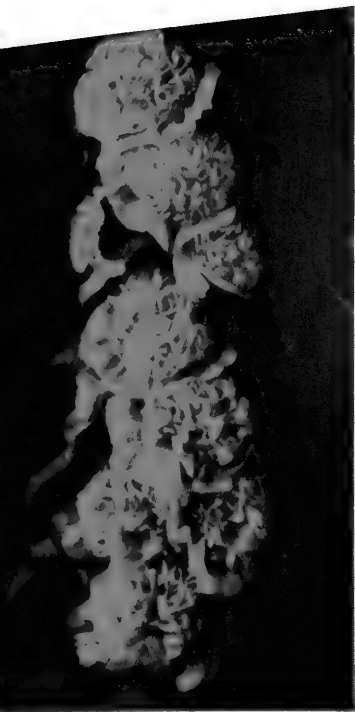

Blooms throughout the season. Without question one of the most beautiful of the shrubs. Single flowers on one-year wood; double flowers on two-year wood. Grows 6 to 8 feet in height and is a valuable addition to any shrub group. Blooms with single flowers on new growth all summer. 18-24 in., 85c each; 3 for \$2.25.

Red Barberry

Smoke Tree

Hollyhocks

FLORIDA NO. 90 STRAWBERRY

We have several thousand of these plants. Do not know how they will bear in the North. They are supreme in Florida. Try 25 of them for \$1.00. NO DISCOUNT.

FIRE CHIEF DOUBLE HOLLYHOCK

Grows 6 to 8 feet tall. Likes full sun. Huge double red flowers on top half of tall stem. Excellent for backgrounds, likes light rich soil. Plant 10 inches apart. 3 for \$1.00; 10 for \$2.50.

PEONIES

Grow Larger and More Beautiful Each Year
FESTIVA MAXIMA. One of the best white Peonies. Edges of petals are flecked with red. Early bloomer. Fragrant.

ALBERT CROUSE. Delicate salmon-pink. Compact, bomb-type. Tall. Very fragrant. One of the finest red Peonies.

EDITH FORREST. One of the finest reds. Compact bomb-type. Tall and erect. Free bloomer. Fragrant.

Prices: Large 3-5 eye plants, 3-year-old, 98c each.

GOLD RUSH CLIMBING ROSE

Climbing Rose of beautiful Tea Rose form. We recommend this to those of you who want a golden yellow climber to complete your color range. Vigorous grower and blooms resemble those of the Hybrid Tea. May be cut in bud and keep well as blooms open. Buds are deep yellow opening into lighter yellow petals. Fragrant. 2-year-old, No. 1 plants, \$1.45 each; 3 for \$3.95.

Climbing
Gold Rush

MULTIFLORA ROSE

ROSA MULTIFLORA JAPONICA. The conservation people are recommending this for a living hedge and for erosion control and wildlife refuge. Has small thorns. Hardy excepting coldest sections like northern Iowa, Dakotas, etc. Makes a bushy plant 6 to 8 feet tall and almost as wide if not trimmed. White flowers in June followed by red fruits which the birds like. Makes an excellent trimmed hedge, any height from 2 to 4 feet. Plant 18 inches apart for an untrimmed hedge and 12 inches if trimmed.

Prices: 15 to 18 inches, 25 for \$2.50; 50 for \$4.25; 100 for \$6.95; 250 for \$16.45; 500 for \$29.95.

BLAZE CLIMBING ROSE

THE CLIMBER SUPREME

One of the largest selling Roses ever introduced. Grows in true pillar form. Terrific crop of early blooms followed by some blooms throughout the summer and fall season. Plants have the hardiness and good habits of the Paul's Scarlet parentage. Good, bright green foliage and sturdy canes. Excellent for use on each side of a driveway entrance or along a background fence. Color is intermediate scarlet and does not readily fade after blooms open. The patent rights on Blaze have run out so we can now sell it at regular prices as follows: 2-year-old, No. 1 1/2 plants, \$1.50 each; 3 for \$3.95.

BLEEDING HEART Old-Fashioned

This lovely hardy old-fashioned plant is loved by all. Lives for years and comes forth each spring, right after the snow goes off, with its long, arching stems, loaded with dainty heart-shaped flower pendants. Rosy red, pale yellow centers. Price: 75c each; 3 for \$2.00.

Rainbow Mixed GLADIOLUS

This Rainbow Mixture is made up of 20 choice varieties and of every color in the rainbow. Not a poor one in the lot. It's just as easy for us to grow bulbs of choice varieties as poor ones, and you will be delighted when you see the tall stalks loaded with 8 to 10 blooms on each at the same time.

CREEPING PHLOX MOUNTAIN PINK, PHLOX SUBULATA

Moss or Creeping Phlox

One of the best loved and best known of the spring blooming family. These low spreading plants, with solid sheets of flowers that hide the mossy evergreen foliage through May and early June, have endeared themselves to everyone. They are about 6 inches high and make clumps from one to two feet across. All are sun lovers and are very drought resistant. The soil should be well drained and not too rich. Excellent for the rockery, front of the hardy border, and for covering terraces, dry hillsides and cemetery work. Plant 12 inches apart in masses, or drifts for pleasing effects. Colors are Blue, Pink and White.

COLLECTION C
One of Each of These 3 Fine Cushion Mums
FOR ONLY
NO DISCOUNT \$1.00

PINK CUSHION. Here is an old favorite. It's the oldest one of the Cushion Mums, but one of the best. It makes a very large plant by early fall, a little larger than Red Cushion, and just as loaded with blooms, often hiding all leaves when fully in bloom. It's a sight in early September till late fall. Each 60c.

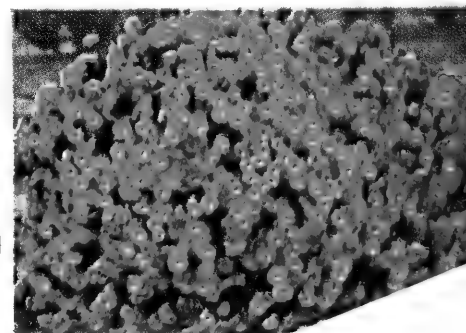

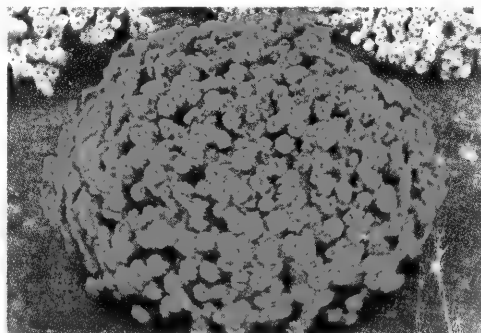

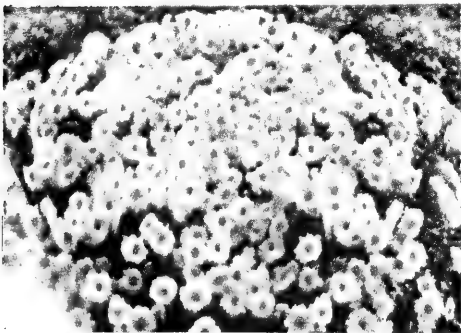

CUSHION MUMS

YELLOW CUSHION. Everyone loves Yellow Mums. Especially this one. It's a good bright yellow and blooms a week earlier than the rest of them. A thousand blooms open at one time on a well cared for plant is a common sight. Each 60c.

If planted in March, April or May these perennial PHLOX will grow 18 to 24 inches tall, in a few weeks, and every year after. Flower heads get to be 5 to 3 inches long, and 8 inches around, with large florets thickly clustered.

PHLOX COLLECTION
ONE EACH OF THE ABOVE 5
2-YEAR-OLD PLANTS
FOR ONLY (No Discount) \$1.50

RED CUSHION. Here is the Santa Claus of them all, with its fiery red color that blends in so well with the others. We show plants of the Cushion Mum in full bloom, 5 months after set, and with over 500 blooms, and some buds. Starts to bloom in September. Each 60c.

Crimson King Maple

Crimson King MAPLE

(Plant Patent No. 735)

Truly the best Red Maple grown. A great improvement over Schwedler's purple leaf Maple. In the spring the foliage is a much richer red and Crimson King carries this deep red foliage through the entire season. Very hardy and easy to grow. Reaches the height of approximately 50 feet at maturity. 4-5 ft. trees, \$4.95 each; 5-6 ft. trees, \$5.95 each.

New Sunburst Locust

GORGEOUS NEW ASTILBE

(ASTILBE GRANATA)

This brilliant Astilbe produces literally masses of plummy spikes of bright red. A fibrous root sends up enormous stems to a height of about 20 inches, each stem topped with a gorgeously colored plume of red. As roots age stems become more and more numerous and more flower plumes appear. Nice 2-yr. roots, 75c each; 3 for \$2.00.

Astilbe

Pink Snowball

COLE'S NEW SUNBURST LOCUST

(Patent Pending)

(*Gleditsia triacanthos inermis aurea*)

The greatest new tree since Crimson King Maple. Brightest golden bronze foliage of any plant we know. Completely free of thorns. Tree is well formed, symmetrical and broadly pyramidal. Sunburst's brilliant coloring is limited to 8 or 10 inches of branch tips. Price: 3-4 ft. trees, \$5.00 each.

Sweet Scented PINK SNOWBALL

In spring it is covered from top to bottom with spicy fragrant flowers. Nice round shaped bush, growing 5 to 6 feet tall, branched to ground. Price: 2-year-old bushes, \$2.50 each.

CLEMATIS

PURPLE JACKMAN. Immense flowers of an intense violet-purple color continuously throughout the summer. Our plants are large, field-grown, 2-year-old plants (not greenhouse plants). Each \$2.00.
